THE TAX ON TOBACCO.

tation Against Taxation—The Producer and Not the Manufacturer Should be Taxed—Interesting Facts Relative to the Production, Manufacture and Ex-portation of Tobacco—A Committee from the Manufacturing Interest to Proceed to Washington and Represent their Case, &c. Meeting of the Tobacco Traders-Protes

A meeting of the tobacco trade of this city was held at one o'clock yesterday, at No. 120 Pear; treet, for the purpose of devising the best means would the heavy tax sought to be imposed on tobacco and which they complain would have the effect of de-stroying almost entirely the export trade and cause a naterial deterioration in the domestic cultivation and manufacture of the plant.

Mr. David Watts occupied the chair, and Mr. G. M.

The minutes of a previous meeting having been read and approved, the following reports of committees appointed at said meeting were read and adopted after ionsiderable discussion. These reports contain the whole gist of the proceedings, and, as they contain many nteresting facts, we give them below :-

whole gist of the proceedings, and, as they contain many niteresting facts, we give them below —

REPORT OF COMMITTER ON SIGGRE LEAF.

The Committee on Segar Leaf having doly considered the abject committed to them, begieve to report that the only leaf of home growth that enter that manufacture of segar he that known another than the manufacture of segar he that known another than the one manufacture of segar he that known another than the one proposed known as fill rs, is principally export. The committee are of opinion that, white a lighter tax than the one proposed would induce the production of larger quantities of segars, still it is not an one-rous one, or one that would maternally injure the trade. With regard, however, to that grade which is mostly exported, the committee believe that the proposed tax would effectually prevent such an accesse of the usual rates or prices for that grade, which, it must be apparent at once, would give such an increase of its cost to the exporter as would prevent is sale in the markets of the exporter as would prevent is sale in the markets of the world, where it comes into competit on with o her toha cost of like grade or value, and thus, as before stated, entirely p obbit its exportation, so that the government would realize no benefit from that source. In this view of the subject, the only recommendation the committee have to make is, that a drawbase of two cents per pound be allowed on all such leaf tobacco as may be exported. The committee are also of common imported leaf tobacco should be specific, and not advalorem, as at present, and that the duties on imported segars should be largely increased, so as to counteract the evils of the proposed tax on segars of home manufacture.

REPORT OF COMMITTER ON SEGARS.

The Committee on Segars have to report, from a careful

REPORT OF COMMITTER ON SPGARS.

REPORT OF COMMITTER ON SPGARS.

The Committee on Segars have to report, from a careful consideration of the reported flax bill relating to segars, that from the peculiar position of the segar manufacturers and the itherant character of the workmen, it would prove very medicient in its operations, and the government would be deprived in a great measure of its lawful revenue; and believing it to be our duty, as good citizens, to sid the povernment in its efforts to raise a stificent revenue, we should, from our intimate relations with the trade, give to the government all the fauts relative to difficult se which lie in the way of any efficient and equal colaction of the proposed tax; and we believe the more simple the law is male the more readily its acts will be compiled with. We therefore feel that the tax should be either levied on the raw material wholly, or on the manufactured article; and if from the action of the Segar Leaf Committee we could arrive at an equal and just tax, we would prefer to see the whole tax maised from the lead, believing that the government would be more sure 0. (12 just dues than it can in any way collect which to the port, the consumption of expars and discretion, are left eatirely to the opinions of daders regarding the which to the port. the consumption of eathers regarding the which to the port the consumption of eathers regarding the which to the port the consumption of eathers regarding the which to the port the consumption of eathers regarding the which to the port the consumption of eathers regarding the which to the port the consumption of eathers regarding the which to the port the consumption of eathers regarding the which to the port the consumption of eathers regarding the which to the port the consumption of action House reports, that the average importation of segars for the past dive years has been free apported. It would leave of foreign meanufacture consumed for the segar trade. The average importation of segars has been three-quarter rtailed, and the consumers of that grade grade ced to adopt the pipe and a common grade obserce. We therefore submit, feeling we can expect the consumers of leaf

REPORT OF COMMITTEE ON PLUG TOBACCO. EXPORT OF COMMITTEE ON PLUG TOBACCO.

The undersigned, appointed a committee to represent the views of those interested in the sale of manufactures plug and cavenaish tobacco, in regard to the Tax bit reported to Congress, beg leave respectfully to rejort that they have given the subject their careful sitention, and, in common with all the other whole-a e dealers engaged in the trade in this city, are unanimously of opinion that the excise duty of five cents per pound on such manufactured to acco, unless subject to an allowance or drawback on exportation, would desiroy the export trade and be of sorious detriment to the country.

desiroy the export trade and be of serious detriment to the country.

Your committee will endeavor to present the reasons for their belief he succinctly as possible. The leaf from which the article in which we deal is manufactured is grown extracted in the state of Virginia, North Carolina, Kantuckey, Tennessee and Missouri, the leaf grown in their the property of the state of th and at least even millions of pounds, making our expor-Great Britain and dependencies to amount annually to millions of pounds, its value in former years, say at an a rage of afteen cents per pound, being \$1,500,000 per annu-but at the present high prices double that sum. This of mante leaves but twelve millions of pounds for Holland, of many, W. at Indies, South America, and the other mark of the world. Of the entire sales of this description of ima mate leaves but we've millions of pounds for Holand, Germany, W. & Indies, South Ameria, and the other markets of the world. Of the entire sales of this de scription of manifestured tobasco throughout the United Stares, the city of New York has sold, on an average, for the last ten years, the equivalent of 20,000 boxes per annum, estimated at 100 pounds per box, making 20,00,000 pounds or about one-third of the aggregate quantity manufactured throughout the Sate; its value, at the average price of the last ten years (15 cents) is \$3,00,000, and double that sum if estimated at present current rates. One-third of this amount, at least, is sold for foreign consumption. If no drawbook is allowed on the large amount required for foreign consumption (which larreases yearly), the consequence is inevitable, that the factories now existing in Canada and the British provinces, and other that with apring into being there, in Australia, and elsewhere, will about the trade, supply the foreign demand, and deprive a large population in this country engaged in this branch of ideality of their customary means of support. Leaf is a lowed to enter Canada duty free, while a tax of their per cent lat imposed upon the importation, would still further protect their manufacturing interests, and they could import the leaf duty free, and, underseling us in our foreign markets, would draw to themselves eventually the export trade. We could draw to themselves eventually the export trade. We could draw to themselves countries to understally women and girls, has been employed which labor, especially women and girls, has been employed which labor, especially women and girls, has been employed which labor, especially women and girls, has been employed which labor, especially women and girls, has been employed which labor, especially women and girls, has been employed which labor, especially women and girls, has been employed which labor, especially women and girls, has been employed when he countries of the decision of the subjects of taxtion

NEW YORK, March 13, 1562.

REFORT OF THE COMMITTEE ON FINE CUT.

As a Committee on Excise Duty, or Tax bil, now before Congress, and as a representative of the fine cut totacco manufacturers of this city, we would report, according to manufacturers of this city, we would report, according to the congress, and as a representative of the fine took place on Mortay 1600.

In this should the present proposed bill be insisted upon, the words "prepared amoking tobacco" should read when manufactured educatively from the stems of tobacco, or the whole a ricken out, say "prepared smoking."

2. It appears out the manufacturers of this branch of the trade that the online manufacturers of this branch of the trade that the online manufacturers of this pranch of the connected with the bulyannass of government and all parties connected with the bulyannass of government and all parties connected with the bulyannass of government and all parties of tobacco sufficient to cover the sum contemplated to be reised from this article, and from this sum a certain amount should be refunded on all tobacce exported.

All the above were adopted after several gentlement

had given lengthy expressions of their views in the

tee be selected from each branch of the trade to proseed to Washington, there to have an interview with the Committee on Ways and Means in reference to the pro-

The meeting then adjourned.

FINANCIAL AND COMMERCIAL.

The money market works very easily: 6 is the general rate paid for new loans, though many old oans are still outstanding at 7. Money lenders are disappointed at the non-appearance in our market of the government certificates of indebtedness. The fact is that these certificates, which were engraved by the American Bank Note Company in an unusually short period of time, were and by the department at Washington to be not elaborate enough for security, and were accordingly returned here to be cancelled. New certificates, on tinted paper, will be forwarded to Washington early next week.

Foreign exchange was very dull to-day. Bankers ask 112% a %, but the true range of the market is 112 a 1/2. France are quoted 5.021/2 a 071/2. Gold is likewise dull, and speculation in it seems

The stock market opened with some weakness

this morning, fears being entertained for the safety of General Burnside's command. It became known, however, about midday that orders had been received here to stop all transportation for Washington, and this being interpreted as an indi-cation that the army under McClellan was certain of speedy success, and, perhaps, expected no more fighting, a smart rally took place, and the market became buoyant and closed very strong. The more cautious among operators translated the news merely to signify that the proposed flank ex-peditions against the rebels had been rendered eedless by the evacuation of Manassas; but even they regard the final result of the campaign in Virginia as quite certain, and hence are rather disposed to buy than to sell stocks. Comparing the closing prices of the day with those of yesterday, we note an advance of 1/4 in United States sixes of 1881, ¼ in Central, ¼ in Erie, ¼ in Hudson, ¼ in Harlem, ¼ in Southern guaranteed, ¾ in Southern old, 1/4 in Michigan Central, 1/4 in Panama, 1/4 in Illinois Central, and ¼ in Galena. The market looks very healthy, and the demand for the shares of roads which are doing a large business, such as the Erie, Michigan Central, Toledo, Rock Island, &c., is considerably in excess of the supply of stock on the market. Stocks closed strong; the following being the last quotations:—United States 6's, registered, 1881, 92% a 93; do. 6's, coupon, 1881, 93 a 93; do. 5's, coupon, 1874, 86 a ½; Virginia 6's, 61 a 64; Tennessee 6's, 601/2 a 61; North Carolina 6's, 69 a 71; Missouri 6's, 53% a 1/8; Pacific Mail, 94% a 95; New York Central, 83% a 84; Erie, 36% a 3%; do. preferred, 61% a %; Hudson River, 37 a %; Harlem, 13% a %; do. preferred, 31% a 32; Reading, 42% a 43%; Michigan Central, 57% a 58; Michigan Southern and Northern Indiana, 24% a ½; do. guaranteed. 48% a 49; Panama, 120% a ¾; Illinois Central, 65% a 66; Galena and Chicago, 69% a ½; Cleveland and Toledo, 471/4 a 3/6; Chicago and Rock Island, 571/4 a 1/4; Chicago, Burlington and Quincy, 641/4 a 65: Milwaukee and Prairie du Chien, 243/ a 25; Cleveland, Columbus and Cincinnati, 110; New York Central 7's of 1876, 102 a 104; Erie third mortgage bonds, 92 a 95; Michigan Central 8's, first mortgage, 1031/4 a 104; Illinois Central bonds, 7's, 93 a 1/4; gold, 1011/2 a 1/4.
There has been some talk in Congress about the

carriage of the mails to California. Commodore Vanderbilt has signified his willingness to carry the mails for South and Central America in hi steamships, provided he is protected against the smuggling of letters for California by his vessels. Postmaster Blair has written a letter to Congress. in which he refers to steamboat owners trying to "coerce" the department, and recommends that no steamer be allowed to clear for a foreign port unless she agrees to carry letters. The public are not familiar with the particular clause in the constitution which empowers Congress to use vessels belonging to citizens without paying for them; nor is it generally understood on 'Change that a clearance is an act of favor or grace on the part of government. The prevailing impression among merchants and shipowners is, that a vessel departing on a lawful voyage is entitled to a clearance as a matter of right, and that government has no more claim to compel such a vessel to carry let-ters than coal or flour. The particular case of the California mail, however, can be stated without falling back on these general principles. Congress, at the session of 1860-61, granted to the Overland Mail Company a million of dollars per annum for carrying the mails between the Pacific and Atlantic States. The Overland Company does not carry the mails with the regularity and celerity required by merchants, and for some time past the bulk of the letter correspondence between this city and San Francisco has been smuggled through on the steamers, which have no mail contract. The ques' tion for Congress is simply-can the steamers be expected to continue to do, for nothing, the work for which the Overland Mail Company is paid a million of dollars per annum? If, as the experience of the last six months proves, the Overland Mail Company cannot carry the mail to the satisfaction of the mercantile community, should they continue to be paid for doing that which they don't do? Would it not be more practical, more sensible and more economical to send the mails by the route which experience has shown to be the quickest and most reliable, and to pay the carriers-not a million a year-but a fair remuneration for the service?

CITY COMMERCIAL REPORT.

THURSDAY, March 13-6 P. M.
ASHES.—The market was lower for pearls, while pots were unchanged. The sales of both sorts embraced 75 bbls., at \$5 50 for the former and at \$6 for pots.

BREADSTUFFS.-Flour-Western and State brands we in better request, while there was rather more tone for moment. The transactions footed up 13,000 bbls., within

the tottowing range of prices:-		
Superfine State\$5 25		5 40
Extra to fancy State 5 50		5 70
Superfine Western 5 25		5 40
Common to choice extra Western 5 50		
Canadian 5 50		
Southern mixed to good superfine 5 75		
Extra do 6 15		7 00
Good to choice family do 7 00		
Rye flour 3 00		
Corn meal, Jersey and Brandywine 2 90		3 25
-Canad an flour was in fair demand and very	st	eady,

with sales of 1,500 bbls, at our quotations. Souther flour was dull and prices without quotable change. The sales embraced about 700 bbls. at our quotations. Rye bbls. Corn meal was quiet, with sales of 300 bbls. at our quotations. Wheat was inactive, and, in the absence of quotations. Wheat was inactive, and, in the absence o sales of any moment, quotations were to a great extent nominal. Small fors Long Island were reported at \$1.40, and of Chicago spring at \$1.30, and a small lot of choice white Kentucky for seed at \$1.60. Corn was easier and more active at the concession. The sales embraced about 50.600 bushels Western mixed, in store and delivered, at 58½c, a 50c, and at 58½c, a 59c, for Jersey and Southern new yellow. Barley was steady and in good request, with sales of 14,500 bushels California at 30c, and choice State, in small lots, at 90c. Parally mait was in good demand and prices were firm, with sales of 900 bushels at \$1.08. Outs were in moderate demand, with sales of Canadian and Western at 39c, a 30c, for State. Rye was steady and in good request, with sales of 6,500 bushels, on the dock, at 80c, and at 83c, delivered.

COFFER was quiet for Rio. Sales of 500 mats Java for export at p. t., 200 do. at 26½c., and 150 do. stained at p. t.

at p. 1. Corrox.—The market was quiet, while the sales, it small lots, footed up 550 beles at 27c. a 28c. for middlin uplands. The heavier class of holders were not pressing

small lots, tooled up 500 bles at 210. a 250. To middling splands. The heavier class of holders were not pressing sales.

Fanciers—To Liverpool 50,000 bushels of corn were engaged at 6d. a 63%1, in bulk and ship's bags, 3,500 bbis, flour at 1s. 8d. a 1s. 11d., 400 boxes bacen at 19s., and by steamer 100 boxes bacen at 25s., by a near trait coses 650 bbis, flour at 2s. 6d. To Giasgow 8,000 bushels of corn at 73%4, and 800 bbis, flour at 2s. 6d. Har was steady, with sales for shipmont at 85c., and for city use at 90c. a 55c.

Monarsis.—Sales embraced 75 hhds. old Cuba muscowado at 22c., 50 hhds. Forto Rico at 21c. a 27c., and 100 bbis, Cuba muscowado at 27c.

Navat. Storaza were steady, with moderate sales at unchanged prices. Small sales of spirits were reported at 21 c.7; a \$1 10. Common rosin was \$5 50 per 310 lbs.; sira ned was scarce and firm, at about 65 for 280 lbs.

Provvenons—Towel—The market was firm and in fair demand, in part for future delivery, with sales of 800 bbis, on the spot at \$13 50 a \$13 75 for new mess, and \$14 for city prime mess, and 1,000 bbis, new prime.

demand, in part for future derivery, with sales of 300 bbls, on the spot at \$13 50 a \$13 75 for new meas, and \$14 for city prime meas, and 1,000 bbls, new prime, for June delivery, at p. t. Beef was steady and in fair request. Sales of 150 bbls, were made at \$12 a \$13 for plain meas, and at \$14 a \$14 25 for extra. Cut meats were in fair demand, with sales of 50 packages at 4½c. a 5c., and 5½c. a 6c. for hams, the latter figure for long cut English, and 5½c. a 6.½c. for pickled do. Baconfwas firm and in good demand, with sales of 1,000 boxes at 6½c. for long ribbed Western, 6½c, for short clear do., and 7½c. for long cit fibed do. 6½c. for short clear do., and 7½c. for short clear city. Dressed hogs were dull and prices nominal. Lurd was in good demand and prices firm, with sales of 2,000 packages at 7½c. a 8½c. The latter figure for choice. Butter and chease were unchanged, and the business moderate.

Sucars.—The market was less active, while prices were unchanged. The sales embraced about 300 libds. Cuba muscavado, mostly at 6½c. a 7½c., and 40 boxes were sold at 7½c.

muscay and, as a solid at 73/c.
Whitshy.—Sales of 1,300 a 1,400 bbls, were made a
